Making an Impact on People's Eternal Souls!

Truth in Love Ministry is making a significant impact on the eternal souls of people, especially those souls within the Mormon church. From the amount of e-mails and feedback we receive, the Lord is granting us unique opportunities to effectively equip Christians with easier tools to witness to their LDS friends, neighbors and relatives. Through our new website, Christians can point Mormons to read about the truths of the Gospel in a way that can be more easily understood. Our new radio program is encouraging Christians daily on how to speak the truth in love to Mormons. Finally, more and more Mormons are contacting our ministry with their questions and comments. We rejoice at the opportunities we are being given to share Jesus!

"Thanks so much for your work. My entire family are LDS and I am the only one resting in Jesus."

MINISTRY UPDATE!

Truth in Love Ministry recently received a significant financial gift to continue making an impact on the souls of those in the Mormon church. We give thanks to the Lord for the many people who are coming on board to support our ministry. We are excited about the daily opportunities being presented to share the real truth of Jesus Christ to our Latter Day Saint friends and neighbors.

FINALLY! An Easy-to-Use Outreach Tool!

www.TheCityofZion.com

Ever since the publishing of the classic book, "Speaking the Truth in Love to Mormons", people have contacted us for support and advice on how to specifically reach their Mormon friends, neighbors and family members.

We are so pleased to finally have available this summer an outreach tool that will support a Christian's efforts to effectively reach their Mormon friends with their difficult questions. Our new website, www.TheCityofZion.com, is that outreach tool

that will clearly spell out the Gospel message using the culture and the language of the Mormon church. We are already receiving over 30,000 hits a month. Contact our ministry and receive small invitation cards about our new website to hand to your Mormon friends.

REAL STORIES, REAL PEOPLE

"I'm writing to tell you how thankful I was after finding your website. I recently made friends with a Mormon. And through her, I was able to make friends with more Mormons. I decided to write to you guys because I want to be well equipped to provide her with the truth." (July, 2006)

David is a seventeen year old teenager living in New York.

JEANIE

"I am a former Mormon. I have been looking for resources to help others understand about Mormonism. Your book was excellent. For all new Christians, discipleship is an important part of their spiritual growth, but especially those coming out of the LDS church. There is a lot of deprogramming to go through, and people need to help us with that, not just stamp us as "saved" and walk away. Thanks so much and God bless you for your work!" (June, '06)

ELKA

"I became good friends with a Mormon family. I started research about Mormonism. Your website seems to be one of the best resources of information that I have found so far. I feel you have created it with passion and love that I did not feel in other sites. I thank God for you." (August '06)

JODIE

"Your new website is very exciting! I am a former LDS and am very excited about showing this site with my dear LDS family and friends."
June (2006)

ELDE

"I have a friend who is a Mormon. Recently, after much prayer, he has begun doubting the truthfulness of the Mormon church which in itself is a miracle. We are good friends that I am convinced I have been brought to him by God. It is sites like yours that have made my friend at least consider the truth." (June '06)

AMARJIT

"I am studying how the Lord Jesus died for the sake of mankind and came across your website while surfing the net. Please send some materials so that I may be able to follow the path shown by the Lord." (June '06)

Our ministry receives e-mails from around the world. Elde wrote to us from South Africa and Amarjit wrote to our ministry from India.

“TRUTH IN LOVE MOMENTS”

A two-minute daily broadcast designed to encourage Christians to speak the Truth in Love to Mormons.

For the past several years, Pastor Cares ran two minute spots on a local Christian radio station in Boise, Idaho that was sponsored by his church. It has now become one of the more popular radio programs on the station.

People regularly have commented on how helpful Mark's comments have been and his church has received several phone calls of interest. Truth in Love Ministry has since re-packaged the radio broadcast and has now turned it into “Truth in Love Moments”. Our prayer is that these words of truth and encouragement will be broadcast across the coun-

try, especially in areas with a heavy Mormon population.

Each radio segment focuses on one key point or topic to focus on in your conversations with Mormons. They help you resolve frustrations of talking over each other and allow you to get to the heart of the matter— our salvation only through Christ's free forgiveness.

We are excited about the potential and the opportunity of bringing our approach of speaking the truth in love to Mormons on the radio airwaves. Please read below the words of a sample broadcast.

A Sample Broadcast:

“When witnessing to Mormons, are you more concerned about winning the person for Christ or winning every battle? That's a question every Christian who is intent on witnessing needs to struggle with. Too often, I fear, we fight meaningless battles over Mormon history or antiquated Mormon doctrines and in the process lose the person because we never focused on witnessing Jesus to them. Too often, we debate Mormonism with Mormons rather than witnessing Christ to them.

We can learn a lot from studying St. Paul's witnessing approaches. Take, for example, his witness in Athens as recorded in Acts 17. He didn't argue Greek philosophy with those Greeks. Neither did he pounce on them for having many altars to many gods. In short, he didn't major on minors. Instead, he majored on the major issue: Jesus Christ and the free forgiveness we have through him. This takes self-discipline. It's difficult not getting side-tracked. Paul, writing to the Corinthians, said that when he first came to them he had to **resolve** to preach nothing but Christ and him crucified. The most important thing our Mormon friends need to hear is that they don't have to do anything to live eternally with Heavenly Father. They don't have to do anything because Jesus has already done everything. Like Paul, be resolved to focus on Jesus. Witness Christ to Mormons. Don't debate Mormonism with them. That's the loving thing to do. I'm Mark Cares, encouraging you to speak the truth in love to Mormons.

A PRAYER FOR OUR MINISTRY
O Lord, thank you for the work you have already done on our behalf and continue to do through Your Son, Jesus Christ. Thank you for allowing us the opportunity to share Your message of the Gospel to those who are lost. I ask that you continue to open doors of opportunity not only for the work of Truth in Love Ministry, but also the hearts and minds of those who have been seriously misguided by false teaching. Thank you for the many partners throughout the world who are speaking the truth in love to those whom You have brought in their midst. In Jesus' name we pray. Amen.
